

Company Profile

Accounting, Financial & Tax Solutions

United Arab Emirates

ABOUT US

About Tanseeq

10+

Years of Experience

Connected Expertise

TANSEEQ Accounting Services & Solutions brings accounting, financial solutions and tax consultations together to help businesses in the UAE organise their finances and understand their needs and obligations

Your Needs Come First

We learn about your business activity, review relevant information and requirements, then agree the scope, deliverables and communication approach through clear next steps

An Integrated Service Portfolio

Accounting and reporting, corporate tax, VAT, excise tax, tax consultations, accounting systems and software, and electronic invoicing

OUR EXPERTISE

Accounting & Financial Solutions

A Clearer Financial Picture

We help businesses organise financial information and review revenue and expenditure to support performance monitoring and informed decisions

Service Areas

- Records organisation and bookkeeping
- Revenue and expenditure review
- Financial information and reporting
- Support with financial disclosure needs

OUR EXPERTISE

Corporate Tax & VAT

Corporate Tax

Discuss registration and compliance needs, review financial information and documentation, and identify return preparation and follow-up requirements according to the business activity and service scope

Value Added Tax

Review business VAT requirements, organise relevant records and documentation, and discuss the processes and support needed

OUR EXPERTISE

Tax Consultations & Excise Tax

TANSEEQ / SERVICE PORTFOLIO

Tax Consultations

We discuss business tax enquiries and review relevant information to help clarify requirements and identify compliance and follow-up needs

Excise Tax

Review the business activity, products and related documentation, then discuss excise tax enquiries to define an appropriate review and consultation scope

OUR EXPERTISE

Accounting Systems & Software

Technology Supporting Finance

We discuss accounting and financial system needs and identify opportunities to organise information flows and automate processes around the business requirements

Service Areas

- Review accounting system requirements
- Help define required specifications and functions
- Discuss data and workflow integration
- Identify automation and process improvement opportunities

OUR EXPERTISE

E-Invoice

A More Organised Invoice Cycle

Solutions for issuing electronic invoices, organising invoice data and connecting invoicing workflows with accounting systems and software

Service Areas

- Review electronic invoicing needs
- Configure invoice data and issuing workflows
- Organise tracking and archiving
- Discuss accounting system integration
- Identify invoicing automation opportunities

Our Vision and Mission

Vision

To be a trusted partner to businesses across the region, helping them build sound financial practices that support informed decisions and sustainable growth.

Mission

We provide accounting, tax and digital solutions tailored to each business, helping clients organise their finances, understand their obligations and make decisions based on reliable information.
